Roto Powder & Tank Lids

Integrity ■ Ethics ■ Innovation

SINGLA INDUSTRIES

Singla Industries was established in the year 1995 in New Delhi, India. We are one of the leading manufacturers of a wide range of LLDPE Roto Moulding Powder, HDPE Pipe Granules, LLDPE Roto Foam Powder and all types of water tank lids. We have attained success in the market due to extensive product range, quality standards and utmost level of customer satisfaction.

**Water Tank Lid
Roto and Blow**

**HDPE Pipe
Granules**

**Multilayer Plastic
Stretch Films**

**LLDPE Roto
Moulding Powder**

**Rotofoam
Compounds**

Our manufacturing capabilities

Advanced Technology

We use cutting-edge technology for efficient and precise manufacturing processes. We specialize in designing and developing new techniques and technologies, evaluating and advancing the development of new raw materials while ensuring optimal world-class quality.

Customization

Our production facilities are capable of meeting a wide range of customer requirements, because the customer is at the heart of everything we do. We measure our success by the continued satisfaction of our customers.

Large-Scale Production

This capacity expansion is in line with our efforts to meet the growing demands of our valued customers and partners. With state-of-the-art technology and optimised processes, we are able to efficiently handle large production volumes without compromising on quality.

Quality

Our strategy is based on detailed understanding of our customers. The want for high-quality products and good service motivates us to give the best of output. to maintain these standards to ensure the satisfaction and confidence of our valued customers. to maintain these standards to ensure the satisfaction and confidence of our valued customers.

WATER TANK LID ROTO AND BLOW

We manufacture all types of plastic water tank lids in all sizes from 100 ltrs to 10000 ltrs, in various specifications and colours according to the customer requirements. We also supply ISI specified tank lids.

INDIA'S FIRST UV PROTECTED WATER TANK LID WITH DOUBLE LAYER MOULDING & AIR VENTILATION

- Prevent Algae.
- Keeps the temperature low
- UV Rated
- Maintenance free, long lasting life.
- Weather and thermal resistant.

LLDPE ROTO MOULDING POWDER

Singla Industries provides high quality virgin and next to virgin rotomoulding powder in various colors. We keep a strict check to ensure that the product quality is maintained or improved. Our material is food grade.

**100%
Virgin**

HDPE PIPE AND BLOW GRANULES

HDPE Granules are primarily used for making water tank and are known for their large strength to density ratio and are extensively used for making containers, drummer, HDPE pipe, irrigation pipe, medicine jar and boxes, plastic bottles and plastic lumber.

ALL TYPES OF RAW MATERIAL

HDPE Pipe Granules

LLDPE Agglomerate

Stretch Film Roll

B.O.P.P. Tap Roll

LLDPE Roto Foam Powder

Silicon Grees & Mould Release Chemical
